

The preparer is legally responsible for signatures whether a graphic, typewritten, or handwritten. Documents may not be restricted by digital signatures or otherwise.

**A. Project Information**

A completed request form must be attached as the 2<sup>nd</sup> page of the Application (APP) file.

At application intake, use this form to request authorization from the County Building Division for Residential Third-party Plan Check services.

**Third-Party Plan Check Service:** Per California HSC 17960.1 and 19837, subject to excessive delays the governing body of a local agency may authorize its enforcement agency (building division) to temporarily approve requests for expedited third-party plan check to substitute for the County "building" review. Residential project requests may include new construction, alterations, and additions of detached single-family, duplex, townhouse, ADU, and JADU projects.

**Building Official Determination** (this form will be returned to the owner/applicant by email with the result marked below)

Name: \_\_\_\_\_ Date: \_\_\_\_\_  
 Result:  Approved  Denied

**Project Location**

APN: \_\_\_\_\_ Date: \_\_\_\_\_  
 Address: \_\_\_\_\_

**Legal Property Owner Requesting TPC Service** (name/signature required and acknowledges agreement/understanding of all requirements)

Name: \_\_\_\_\_ Signature: \_\_\_\_\_

**(TPC) Third-Party Plan Check** (indicate a TPC service from part C below at application intake, selection may not be deferred)

Name: \_\_\_\_\_ Signature: \_\_\_\_\_

Email: \_\_\_\_\_

BBR Studio Email: \_\_\_\_\_

**B. General Information**

**Initials** Property Owner must initial each item below. TPC=Third-party Plan Check (selected from part C)

1. By submitting a PLG-207 the Owner acknowledges responsibility to verify all applicable project requirements. For assistance, schedule an appointment with County staff ([Appointment Self-Scheduler](#)).
2. Submit a completed PLG-207 request form when applying for a building permit ([ePlan](#)) and identify a TPC service from part C below. (no selection, marking TBD or otherwise, will result in "denied")
3. The Owner is responsible for independently coordinating County processing requirements, TPC services, TPC payments, or similar with the TPC. TPC expedited services are additional fees. County fees are not reduced.
4. TPC services must be for the complete project scope, including but not limited to, retaining walls, pools, detached structures, PV Systems, or other aspects normally reviewed by "building" for permit issuance. The TPC must review all subsequent deferred submittals, construction change documents, or similar until finalized/closed by the County.
5. TPC reviews must be coordinated with other agencies for compliance with applicable legal requirements, California codes, county ordinances, or similar. The TPC will provide the County clarifications related to their reviews if requested.
6. TPC Bluebeam Studio account email required above. TPC must review documents uploaded to the County Bluebeam Session, including the final submittal documentation. Red marks or other information may not be added to submittals.
7. TPC corrections are independently coordinated; they are not processed by the County. However, at each resubmittal the response letter must: a) clearly describe design changes; or b) clearly state there were no design changes. A TPC review status will always display as "Not Required" on the application status webpage.
8. Once the project reaches "Consolidation" status (approved by all agencies), the applicant is notified through the ePlan portal that the TPC must upload a completed PLG-209 Plan Check Service Completion form to the Bluebeam session with the construction area tabulations in part B.
9. During Consolidation County staff stamps documents for permit issuance after submittal assessment. The TPC will be identified in the SCC "reviewed for code compliance" stamp.
