Street surfacing (chip seal and slurry seal) will follow digout work. The schedule is subject to change due to weather or other conditions. Project roadways will be subject to traffic delays with potential lane and road closures between the hours of 8:30 a.m. to 4:30 p.m. The Department of Public Works would like the motoring public to avoid these areas if possible or be prepared for delays. Please visit the project website at <https://santacruzcountyresurfacingproject.info/> for more information.
