## CATHEDRAL DRIVE PM 1.21 STORM DAMAGE REPAIR PROJECT WORK TO BEGIN

The County of Santa Cruz Department of Public Works has announced that Cathedral Drive at post mile 1.21 will be subject to traffic delays with potential lane closures of up to 30 minutes between the hours of 8:30 a.m. to 4:30 p.m. beginning Monday, June 28 through Friday, September 24, 2021, weather permitting. These delays and lane closures are necessary for construction of a soldier pile wall and other roadway improvements. Some operations will require longer delays of up to 60 minutes. Signs will be posted at the site notifying the public when the longer delays will be taking place. The Department of Public Works would like the motoring public to avoid this area if possible or be prepared for delays. Up to date information on County maintained roads in Santa Cruz County is available online at <http://www.sccroadclosure.org/>.
