

SANTA CRUZ COUNTY SANITATION DISTRICT

— CONSTRUCTION NOTICE — EJ21-EJ27 Sewer Replacement Project

TENTATIVE CONSTRUCTION SCHEDULE

Estimated Start Date: November 2025

Estimated Completion: February 2026

Work Hours: 7:30 AM–5:00 PM

SCOPE OF WORK

Work includes replacing approximately 453 linear feet of sewer mains, associated manhole improvements, and reconnection of existing laterals. Tree removal and mitigation work will be included.

AFFECTED AREAS

See Vicinity Map on Reverse Side

WHAT TO EXPECT

At times during the project, residents in the area should expect noise, dust, and temporary traffic control. Vegetation and improvements in the public right of way may require removal. Access to driveways may be temporarily blocked during construction. In addition, sewer service to properties in these areas may be temporarily interrupted during working hours. Residents in the affected construction areas will be given advanced notice prior to any work impacting their driveways, parking, or sewer service.
